[www.puritychemical.com](http://www.puritychemical.com)

**Purity Chemical Technologies, Inc.** was founded upon the belief that all things are possible with **The Right Chemistry™**. Chemistry that extends beyond superior product formulations, to the partnerships that are formed with customers, suppliers and representatives. This philosophy provides an edge in today's competitive environment and enables **Purity Chemical Technologies, Inc.** to supply business partners with the necessary tools to be successful. Environmental and human safety are paramount in product development and business operations. Purity Chemical Technologies, Inc. strives to be a trusted partner, and is committed to using expertise, experience and exemplary business practices to always deliver **The Right Chemistry™**.

#### ***Complete Line of Quality Products***

Purity Chemical Technologies, Inc. manufactures a full line of quality chemical products to help customers maintain clean, sanitary and productive work environments. New technologies are being developed to enhance capabilities and provide customers with **The Right Chemistry™**.

#### ***Responsive Research and Development***

Research and product development are cornerstones of our operation. Purity Chemical Technologies, Inc. has the capacity and expertise to provide **The Right Chemistry™** for any application through custom formulation and product design.

#### ***Flexible Production***

Purity Chemical Technologies, Inc. continually invests in plant improvements and equipment to meet increasing demand. Long and short production runs can be supported with fill sizes ranging from pouches to totes.

#### ***Value-Added Support***

Outstanding customer service and support is often mentioned, but rarely delivered. Purity Chemical Technologies, Inc. will always strive to exceed expectations, and our associates are the key ingredient in our formula for **The Right Chemistry™**.

Please feel free to contact our company directly or one of our representatives for assistance...

## AUTOMOTIVE AND TRANSPORTATION

**85938 Alumi-Brite**  
Designed to clean and brighten aluminum surfaces on over-the-road equipment. Removes greasy diesel exhaust stains from semi-trailers. A blend of mineral acids and solvents, it cleans and brightens without whiten-

ing. Etches glass; must be applied while wearing rubber gloves and a face shield.

pH: 1.5      Color: Clear      Fragrance: Slight Acid

### 85931 Auto-Bubbles

An extremely concentrated tunnel-type car wash that generates copious amounts of foam. Foam contributes to brush or pad lubricity, reducing scratching on fine automobile finishes. Lifts and removes road film, greasy soils and water spots. Optimum dilution 1:1000. Viscous blue liquid with a lemon fragrance.

pH: 7.5      Color: Blue      Fragrance: Lemon      Dilution: 1:1000

### 85941 Car & Truck Powder

A powder that is specially formulated for washing cars, trucks, buses, trailers, etc. Contains a non-streaking, film-free synthetic detergent.

pH: B      Color: White      Fragrance: None

### 85933 Car and Truck Wash

A long-lasting, stabilized, high-foaming detergent built for hand washing. Rinses easily and is non-streaking. Excellent in hot or cold water.

pH: 8.0      Color: Brown      Fragrance: Slight Chem

### 85505 D.O.T. Detergent of Transportation

A spontaneous emulsifier with patented anti-redeposition agents for exterior cleaning of mass-transit vehicles and aircraft. Formulated to be safe for use on all surfaces common to these vehicles. Aerospace material AMS1526.

pH: 12.5      Color: Yellow      Fragrance: None

### 85942 Engine Degreaser

Excellent for degreasing automotive engines.

pH: N/A      Color: Clear      Fragrance: Solution

### 85934 Kleen-N-Wax

Can be used to clean and wax motorcycles, automobiles, pickup and delivery trucks, buses, mobile homes, etc. in one easy step. Cleans efficiently, leaving a buffable wax film that beads water. High-foaming, thick yellow liquid.

pH: 7.8      Color: Milky Beige      Fragrance: Slight Chem

### 85947 Vinyl Cleaner

Cleans all vinyl surfaces. Recommended for car tops, dashboards, tires, etc. Restores the natural luster and color of weathered vinyl.

pH: B      Color: Pink      Fragrance: Butyl

### 85937 Vinyl Protectant

100% active, all silicone type formula. Cleans and applies a protective, buffable, high-gloss luster. Protects vinyl and other hard surfaces against damaging ultraviolet light. Guards against water spotting and food stains.

pH: 6.1      Color: Milky White      Fragrance: Vinyl

## COMMERCIAL MASS TRANSIT

### 85939 Steam Out

A concentrated steam and pressure-cleaning detergent for cleaning commercial vehicle engines and undercarriages.

pH: B      Color: White      Fragrance: None

### 85930 Break-Up

Heavy duty degreaser for commercial buses and trucks.

pH: B      Color: Pink      Fragrance: None

### 85935 Commercial Wax Emulsion

A highly concentrated wax and cleaner to clean and polish commercial fleets.

pH: N      Color: Amber      Fragrance: None

## BATHROOM

### ***BOWL AND URINAL***

#### 85414 Blue Blitz

Cleans and deodorizes toilets and urinals. Concentrated acid blend cleaner. Contains corrosion inhibitors, wetting agents and essential oils.

pH: A      Color: Blue      Fragrance: Mint

#### 85401 Emulsion Bowl \* U.S.D.A. Approved

White emulsion bowl cleaner containing 25% active Hydrochloric acid. Bowl Brite is ideal for hard water, mineral deposits and rust stain removal.

pH: A      Color: White      Fragrance: Chlorine

#### 85412 Cling-O

Clings to vertical surfaces under the toilet bowl rim and under the water level. Removes rust stains and calcium water lines

pH:      Color: Pink      Fragrance: Floral

#### 85411 Safe-N-Fresh

A mild, non-acid bowl cleaner guaranteed to safely and effectively clean, deodorize and freshen toilet bowls and urinals. The right product for use in hotels, motels, offices and public buildings.

pH: N      Color: Green      Fragrance: Spice

#### 85358 SBBC-21 \* E.P.A. Registered

A non-acidic surface, bath and bowl cleaner/disinfectant designed for the 21st century. Kills HIV-1 (AIDS) and mycobacterium tuberculosis (BCG). Safe to use on hard, non-porous, inanimate surfaces.

pH: N      Color: Light Green      Fragrance: Lemon

#### 85413 White Wash

A highly concentrated, 25% + inhibited hydrochloric acid bowl and urinal cleaner. Removes heavy rust stains from fixtures without etching the surface.

pH: N      Color: Milky White      Fragrance: Mint

## ***SURFACE***

#### 85418 Lime Out

A concentrated phosphoric acid cleaner that surpasses other tile and metal cleaners. The best ingredients available produce better penetration and break down of soap scum and calcium deposits.

pH: A      Color: Green      Fragrance: None

#### 85426 Porcelain Plus

Mild effective all-purpose cleaner that combines wetting agents and detergents with phosphoric acid base. This product quickly and safely removes rust, organic matter, and scale from all types of toilet facilities.

pH: A      Color: White      Fragrance: Cherry

#### 85990 Drain-O-Mite™ Drain Opener

Powerful patent-pending buffered acid drain opener breaks through the toughest clogs. Quickly clears grease, hair, food waste, etc.

pH: <1      Color: Green      Fragrance: None

#### 85421 Tile Cleaner

Mild acid and surfactant blend removes mineral and soap scum from porcelain, ceramic and masonry surfaces.

pH: A      Color: Blue/Green      Fragrance: Mint

## BATHROOM (cont.)

### 85331 Tru-Blue

A true pH-controlled, all-purpose cleaner with special water conditioners to provide film-free cleaning on virtually all hard surfaces. A low-foaming blend that can be used in automatic scrubbers, pressure washers, with a mop and a bucket or as a manual cleaner.

Employs rapid biodegradation, producing a safer environment.

pH: N Color: Blue Fragrance: Citronella

### 85420 X-Out

Instantly removes mildew stains from bathroom tile surfaces. Spray on surface to be cleaned, brush with a grout brush and then rinse thoroughly. Do not mix with any other chemical, as the reaction could be fatal. Will remove color from most fabrics.

pH: N Color: Clear Fragrance: Chlorine

## CARPET CARE

### 85212 Automatic Carpet Shampoo

A high-foaming, fast-drying, highly concentrated carpet shampoo. Soil suspenders and lifting agents cause dirt to rise to the surface for easy removal.

pH: B Color: Amber Fragrance: Banana

### 85201 Bonnet Brite

A versatile carpet cleaning and spotting product that removes most carpet soils easily and effectively. It may be used a number of ways when directions are carefully followed. Cleaner contains no harsh alkaline or solvents that might be harmful to sensitive carpet fibers. Contains optical brighteners that give carpet a "new" look. Regular use of this product will not de-luster fibers.

pH: N Color: Amber Fragrance: Banana

### 85214 Brown Rid

Utilizes the very best organic neutralizers to remove carpet browning and neutralize alkaline buildup. It brightens colors and restores their original vivid hues.

pH: A Color: Clear Fragrance: Citrus

### 85202 Carpet Steam Powder

Can be used with all carpet cleaning extraction systems and will yield outstanding results. Contains a special blend of emulsifiers and brightening agents that release trapped soil from carpet pile.

pH: B Color: White Fragrance: None

### 85203 Enzyme Carpet Powder

A powerful cleaning partner with other detergents. Digests protein based soils that detergents alone cannot remove.

pH: N/A Color: Tan Fragrance: None

### 85211 Exit Extraction Cleaner

A carpet-extraction cleaner specially formulated for stain-resistant carpets. Anti-redeposition agents ensure the "new-carpet" look after cleaning. Organic soil emulsifiers and suspending agents ensure residue-free extraction. Colorless liquid.

pH: N Color: Clear Fragrance: New Concept

### 85216 Friendly

Removes odors and stains resulting from milk, vomit, urine, feces, blood, coffee, wine, etc. from rugs, carpets and upholstery. Harsh chemical cleaning is eliminated with these friendly, enzyme-producing micro-organisms working tirelessly and silently for you. Colorless liquid.

pH: N Color: Clear Fragrance: Citrus

### 85219 Gone Defoamer

An all-purpose defoamer that allows you to use automatic equipment to its full recovery capacity, reducing down time. Kills existing foam and prevents new foam formation. Use 1 oz. per gallon of solution in the recovery tank. White, odorless liquid.

pH: N Color: Milky White Fragrance: Slight Chem

### 85204 Haitian Cotton Shampoo

Specially formulated to clean Haitian and Tahitian cotton. Contains gentle, effective detergents that can be easily vacuumed away. A quick drying formula and contains optical brighteners. Will not shrink or stain material. Allows retardant to be applied after cleaner has dried.

pH: N Color: Amber Fragrance: None

### 85205 P.O.G. Soil Remover

Paint, Oil & Grease remover. Specially blended to remove stubborn stains from carpet, upholstery and other textile surfaces.

pH: B Color: Clear Fragrance: Orange

### 85215 Pre-treat and Traffic Lane Cleaner

An aggressive, bonnet cleaner designed to aid in the removal of heavy soil in traffic lanes. May also be used to pre-treat soiled areas 5-10 minutes before extraction. Anti-redeposition agents eliminate rinsing. Colorless liquid.

pH: B Color: Clear Amber Fragrance: Lemon

### 85220 Shield

A ready-to-use soil guard enhanced with Teflon. Creates a barrier that prevents wet soil from penetrating into carpet strands and cloth fibers. Promotes easy cleaning. Safe for all fabrics. Translucent liquid.

pH: N Color: Clear Fragrance: None

### 85217 Spot-Det

A lemon scented spot remover that removes dirt, soft drink, pencil marks, ink, crayon, lipstick, blood, oil, grease mascara, facial makeup, tar, and much more.

pH: N/A Color: Clear Fragrance: Solvent

## CONCRETE & MASONRY

### NEED # ConSeal® Concrete Treatment

ConSeal® Concrete Treatment products waterproof, harden and dustproof new and existing concrete and other cementitious materials. ConSeal® Concrete Treatment reacts internally as a scientifically-formulated aqueous penetrating preservative. ConSeal® Concrete Treatment has the advantage of being a non-toxic, non-flammable, odorless, water-soluble, acid resistant and clear liquid compound. ConSeal® Concrete Treatment is easy to use on all forms of masonry, concrete, stucco, brick, cement block, adobe and limestone.

pH:            Odor:            Color:            Fragrance:

### 85121 Mile Stone-20

Formulated to address the many problems associated with natural and synthetic stone flooring. Adheres tightly to high-density, ceramic-based surfaces and terrazzo. A crystal-clear, 20 percent urethane based polymer built with enhancers to intensify color brilliance.

pH: N            Color: Clear            Fragrance: None

### 85109 ClearSeal-II

Aqueous fluoro-polymer solution that is used to provide water and oil stain resistance to porous surfaces Such as concrete, natural stone, brick, unglazed ceramic tile, and all porous masonry surfaces. ClearSeal resists both water and oil based stains. It can be used both indoors and outdoors to keep surfaces looking stain – free longer. This product prevents stain-causing liquids from soaking into the floor. ClearSeal protects surfaces against oil-based stains Such as cooking oil, grease, motor oils.

pH: N            Color: Clear            Fragrance: None

### 85125 StonePro™

Durable protection for natural stone surfaces. High gloss, medium maintenance for unglazed tile and stone flooring.

pH: N            Color: Clear            Fragrance: None

## WOOD TREATMENT

### NEED # ConSeal® Wood Treatment

ConSeal® Wood Treatment is an aqueous penetrating preservative that reacts deep inside the wood and becomes a permanent part of the material. The result renders the material fire resistant (one which will not support combustion), vermin proof and waterproof, impervious to water or dampness.

pH:            Odor:            Color:            Fragrance:

### 85154 Classy Sassy

Floor cleaner and polish. Particularly effective on sealed wood and gym floors.

pH: N            Color: Clear            Fragrance: Sassafras

## DEGREASERS AND CLEANERS

### 85301 Active 8 Cleaner/Degreaser

The original non-butyl cleaner/degreaser. Patented technology positively emulsifies greasy, oily soils and prevents them from redepositing. Non-toxic formula that will not emit vapors like most butyl cleaners. This truly unique cleaner is so powerful that it holds 12 patents worldwide. **USDA: A1**  
**pH: B Color: Pink Fragrance: Odorless**

### 85302 Active 800 Cleaner/Degreaser

An extra-heavy duty, industrial-grade non-butyl cleaner/degreaser. It is specially formulated for use in mechanical cleaning devices like floor scrubbers, pressure washers, dip tanks and mopping equipment. **USDA: A1**  
**pH: B Color: Clear Fragrance: Odorless**

### 85308 Below Zero Freezer Cleaner

A low-temperature cleaner designed to be effective without freezing at sub-zero temperatures. May be used with spray equipment, automatic floor scrubbers or with a brush, mop and bucket. Highly flammable. **USDA: A5**  
**pH: N Color: Blue Fragrance: Alcohol**

### 85309 Blast Off Cleaner/Degreaser

Economy and power come together to remove and keep off greasy soil. A blend of synthetic detergents and anti-redeposition agents hold the soil in suspension so it can be rinsed away. **USDA: A1**  
**pH: B Color: Blue Fragrance: Butyl**

### 85304 Light Speed/Degreaser-16

A heavy duty cleaner/degreaser concentrate featuring a well-balanced blend of synthetic detergents, alkalinity builders and sequestering agents functioning synergistically to accelerate maximum soil and grease removal. It cleans and then holds oily, greasy soil in suspension, preventing redeposition. **USDA: A1**  
**pH: B Color: Blue Fragrance: Butyl**

### 85305 Mach 5/Degreaser-10

An industry standard. Economical yet powerful! Spontaneously emulsifies greasy soil to improve cleaning. Suspends the soil, preventing it from redepositing on hard surfaces and enhancing rinse ability. Florescent yellow-green. **USDA: A4**  
**pH: B Color: Yellow Fragrance:**

### 85306 Shop Job Concentrate

**\*\*CAUTION\*\*** This is a highly concentrated, industrial-strength degreaser. Do not use undiluted. Plows through dirt, grease, grime and slime to degrease, clean and refresh. Do not use on tin, glass or aluminum.

**pH: B Color: Red Fragrance: Sassafras**

### 85717 Vigor Cleaner-Degreaser

A cleaner/degreaser designed to produce viscous alkaline-rich foam through foam-generating devices in meat-cutting rooms and food-processing plants. Stable, long-lasting, high-pH foam clings to vertical surfaces, allowing deep penetration and cleaning efficiency. Orange and odorless liquid; medium viscosity.

**USDA: A1**

**pH: B Color: Orange Fragrance: Odorless**

### 85303 Warp Speed/ Degreaser-24

A triple-strength, triple-powered degreaser formulated for the toughest jobs. Its powerful formula penetrates even baked-on or water-resistant deposits. Super-wets the soil for easy removal. Excels in the tough jobs that ordinary degreasers can't handle. Dark blue liquid with a butyl fragrance.

**pH: B Color: Dark Blue Fragrance: Butyl**

## ENZYME PRODUCING PRODUCTS

### 85216 Friendly Bacterial Digester w/Enzymes

Safe and effective natural enzyme producing cleaner. Eliminates pet odor and urine stains. Excellent for use in nursing homes, hospitals, prisons, kennels, apartments, etc. Effective in septic tanks,

down pipes, grease traps, portable toilets, sump pumps, wet walls, fountains, pools and on wet walls. Non-toxic, Non-Alkaline, Non-Acid. 200 Billion spores per gallon.

**pH: N Color: Clear Fragrance: Citrus**

### 85321 Odor Eliminator

When stubborn odors persist, there is only one solution: live bacteria. Penetrates into surfaces and digest the source of the odor, leaving a fresh, clean scent. Especially effective in restrooms and food processing areas.

**pH: N Color: Clear Fragrance: Fresh**

### 85324 Un-Clog

A novel, professional drain opener for use in drains blocked by fats, grease, hair and other organic matter. Contains noninert acids or solvents.

**pH: N/A Color: White Fragrance: Chlorine**

### 86300 BioKleen™

A 1-2 punch in a pouch! Dual pouch system combines a super-concentrated cleaner/degreaser with specifically engineered, grease digesting enzyme cultures to produce grease-free, slip-free floors and contact surfaces. Pre-portioned for quality assurance and cost control. Superior performance!

**pH: N/A Color: Clear Fragrance: None**

## INDUSTRIAL

### 86400 ProBlend™-A.R.T.-1

Novel patent-pending buffered replacement for muriatic and hydrochloric acid applications. D.O.T. unregulated. Cleans, removes rust, descales alkali deposits, etc.

**pH: A Color: Clear Fragrance: None**

## HARD FLOORS

### **FINISHES**

#### **Endure™ Semi-Permanent Floor Finish System**

##### **85115 Dominion-24 Floor Finish**

##### **85116 Low Maintenance Floor Finish**

An extra-high solids/high-gloss floor finish for high-traffic areas that must look their best. Resists black marks and scuffs. Provides long-lasting hardness and gloss. For best results and longest service life, periodic spray buffing should be performed.

pH: N      Color: Milky      Fragrance: None

##### **85112 Hi-Caliber-20 High Speed**

An economical, ultra-high-speed floor finish. A new concept in floor-finish chemistry that ensures maximum performance. Builds gloss quickly and responds to high-speed burnishing (1,500 RPM or greater). Resists scuffing and black marks with regular maintenance.

pH: N      Color: Milky      Fragrance: None

##### **85116 Majesty-20 Low Maintenance**

The standard of excellence and the most dependable all-purpose floor finish available. Crystal-clear polymers produce beautiful initial gloss and exceptional durability. Excellent leveling properties result in easy application. Its flexible film responds to any floor care program. Repels dirt and scuffing.

pH: N      Color: Milky      Fragrance: None

##### **85117 Premier-16 Low Maintenance**

A blend of clear-drying, tough polymers formulated for use in low-maintenance applications. Dries to a hard, bright shine that lasts! Easy to apply and provides excellent resistance to scuff marks. Dries quickly to minimize floor downtime.

pH: N      Color: Milky      Fragrance: None

##### **NBR Gym Floor**

### **NEUTRAL CLEANERS**

##### **85154 Classy Sassy**

Floor cleaner and polish. Particularly effective on sealed wood and gym floors.

pH: N      Color: Clear      Fragrance: Sassafras

##### **85151 Daily Mop Floor Cleaner**

A neutral pH formula that will not haze floor finishes. Compatible with any floor-care program. Rinsing is not required for manual or automatic cleaning programs. Special deodorants neutralize sour mop odors.

pH: N      Color: Yellow      Fragrance: Floral

##### **85156 Lemon Mop Floor Cleaner**

Lemon scented, neutral floor cleaner. This bio-degradable, rinse-free formula contains optical brighteners that leave floors shiny and clean. Extremely economical; highly dilutable.

pH: N      Color: Yellow      Fragrance: Lemon

### **RESTORERS AND SPRAY BUFFS**

##### **85132 Revive**

The latest advancement in thermal re-laminating technology. Cleans old finishes and applies a fresh, new, micro-thin coat in one easy step. Protects the base coat, helping to prevent powdering, while improving slip resistance far beyond ASTM-minimum standards. Simply the fastest way to clean and restore a brilliant gloss to your floor. 1,500-2,500 RPM.

pH: N      Color: Clear      Fragrance: Polymer

##### **85134 Spray Buff Solution**

Designed for top performance with a low-speed floor care program. Provides a crystal-clear, pure-acrylic microfilm to enhance the original appearance of floors without discoloring. A polymer blend that quickly repairs scratches and scuffs while producing a high gloss. 175 rpm.

pH: N      Color: Clear      Fragrance: None

### **SEALERS**

##### **85109 ClearSeal-II**

Aqueous fluoro-polymer solution that is used to provide water and oil stain resistance to porous surfaces Such as concrete, natural stone, brick, unglazed ceramic tile, and all porous masonry surfaces. ClearSeal resists both water and oil based stains. It can be used both indoors and outdoors to keep surfaces looking stain-free longer. This product prevents stain-causing liquids from soaking into the floor. ClearSeal protects surfaces against oil-based stains Such as cooking oil, grease, motor oils.

pH: N      Color: Clear      Fragrance: None

##### **85121 Mile Stone-20**

Formulated to address the many problems associated with natural and synthetic stone flooring. Adheres tightly to high-density, ceramic-based surfaces and terrazzo. A crystal-clear, 20 percent urethane based polymer built with enhancers to intensify color brilliance.

pH: N      Color: Clear      Fragrance: None

##### **85123 Triumph-18**

A sealer that creates an excellent base for all floor finishes. Exceptional detergent resistance for high-speed or scrub-and-recoat floor-care programs. All-acrylic polymer blend penetrates and seals virtually any floor, including composition tile, terrazzo and concrete.

pH: N      Color: Milky      Fragrance: None

##### **85125 StonePro™**

Durable protection for natural stone surfaces. High gloss, medium maintenance for unglazed tile and stone flooring.

pH: N      Color: Clear      Fragrance: None

### **STRIPPERS**

##### **85141 Chisel**

Removes what other strippers cannot. Employs new polar-solvent technology that is especially effective at removing high-solid acrylic sealers and finishes. Unlike butyl strippers, it has a slow evaporation rate. A revolutionary, low odor, no-rinse stripper.

pH: B      Color: Clear      Fragrance: Lemon/Lime

##### **85142 Mop-On-Mop-Off**

A highly active, advanced formula stripper designed to easily remove frequently burnished floor finishes. Double-fast mop on, mop off efficiency requires no flood rinsing. New low foam wetting agents prolong the emulsifying action.

pH: B      Color: Yellow      Fragrance: Lemon

##### **85146 Stripper B**

A high alkaline, non-ammoniated stripper to suit all types of tough stripping jobs. Efficient, low-odor, polymer-breaking agents penetrate quickly into old dirt encrusted finishes. Use with a scrubbing machine and a black pad to easily lift finishes from old, worn floors. Flood rinsing is required.

pH: B      Color: Red      Fragrance: None

##### **85145 Strip-Ease**

A fast-acting, ammoniated stripper strong enough to remove all floor finishes currently on the market. Also proven to be effective on vinyl floors.

pH: B      Color: Red      Fragrance: Ammonia

## GENERAL PURPOSE CLEANERS

### 85338 Lemon Shine Oil Polish

A lemon and corvus oil blend that cleans and shines all wood surfaces, including furniture, desks, woodwork/panels, cabinets, etc. Adds luster and beauty while imparting a clean, lemon fragrance.

pH: N/A Color: Clear  
Fragrance: Lemon

### 85334 Pine Plus

Our most powerful pine oil product. Formulated for strong pine action. Ideal for deodorizing and cleaning fixtures and floors in bathrooms, sick rooms and kennels. May also be used in chicken coops to control fly larvae development. Safe on hard surfaces not affected by water.

pH: B Color: Amber Fragrance: Pine

### 85337 Stainless Steel Cleaner

Cleans and enhances the beauty of highly polished stainless steel. Removes fingerprints and smears where oil-based cleaners are not allowed or advisable. USDA: C1

pH: N Color: Clear Fragrance: Cherry

### 85336 Steel Shine Polish

Deep-cleans stainless steel, removing water stains, fingerprints and smears. Leaves a protective organic solvent film that can be buffed or re-emulsified to prevent unsightly buildup.

pH: N/A Color: Clear Fragrance: None

### 85331 Tru-Blue

A true pH-controlled, all-purpose cleaner with special water conditioners to provide film-free cleaning on virtually all hard surfaces. A low-foaming blend that can be used in automatic scrubbers, pressure washers, with a mop and a bucket or as a manual cleaner. Employs rapid biodegradation, producing a safer environment.

pH: N Color: Blue Fragrance: Citronella

### 85333 White Pines

A favorite of the cleaning industry for years! A deodorizing cleaner formulated with pure pine oil. Blooms white when added to water.

pH: B Color: Amber Fragrance: Lemon

### 85332 Zinger

A high-performance, all-purpose liquid detergent designed to clean and emulsify everyday soils. Contains surfactants, alkaline buffers, metal corrosion inhibitors, water softeners, anti-redeposition agents and essential oils. It's an excellent floorcare product for scrub and recoat applications. USDA: A4

pH: B Color: Fluorescent Green Fragrance: Lemon Lime

## GERMICIDAL INSTITUTIONAL USE

### 85351 MN-Quat \* E.P.A. Registered

A powerful, long-lasting, mint-fragrance disinfectant cleaner made specifically for use in schools, hotels, nursing homes and in institutional and commercial housekeeping. Neutral pH and user friendly. E.P.A. Registered at a dilution of 5 ounces per gallon.

pH: Neutral Color: Bright Green  
Fragrance: Mint Dilution: 5 oz./gal

### 85352 LM-Quat \* E.P.A. Registered

The same EPA-approved formula, effectiveness and dilution as MN-Q. pH: N Color: Yellow Fragrance: Lemon

### 85353 PN-Quat \* E.P.A. Registered

Features a fresh, long-lasting, forest-pine fragrance. The disinfectant cleaner preferred by schools, hotels, nursing homes and in institutional and commercial housekeeping. User-friendly, neutral-pH cleaner. E.P.A. Registered at a dilution of 6 ounces per gallon.

pH: Neutral Color: Green Fragrance: Pine Dilution: 6 oz/gal

### 85354 Pyn-O-Myte \* E.P.A. Registered

Pyn-O-Mite is a combination of natural pine oil, o-Benzyl-p-chlorophenol and vegetable oil soap. Ideal for disinfecting and deodorizing toilet bowls, urinals, garbage and refuse receptacles. For use in schools, industry, bars, buses, kennels, locker rooms, stables, animal cages, drains, etc.

pH: N Color: Amber Fragrance: Pine

## HOSPITAL GRADE

### 85359 Golden Ram Sanitizer

10% multi-chain quaternary ammonia sanitizer and disinfectant was designed especially for use in food-processing plants, meat-cutting rooms, dairies, previously cleaned surgical instruments, barber tools and dental equipment at 1:512 dilution. USDA: D2

pH: N Color: Brown Fragrance: None Dilution: 1:512

### 85358 SBBC-21 \* E.P.A. Registered

A non-acid, surface, bath and bowl cleaner/disinfectant formulated for the 21st century. Kills HIV-1 (AIDS) and mycobacterium tuberculosis (BCG). Safe to use on hard, non-porous, inanimate surfaces.

pH: N Color: Light Green Fragrance: Lemon

### 85362 PureCide™-128

Phenolic Disinfectant w/TB Claims

pH: B Color: Amber Fragrance: Dilution: 128:1

## GLASS CARE

### 85344 Glass Plus

A non-streaking, non-smearing cleaner that helps prevent re-soiling of the surface. Cleans glass, mirrors, countertops and any hard surface not damaged by water.

pH: B Color: Blue Fragrance: IPA& Butyl

### 85346 RTU Ammoniated

A powerful ready to use ammoniated non-streaking glass cleaner that removes oil and water based soils.

pH: N Color: Blue Fragrance: Ammonia

## HAIR & BODY SHAMPOO

### 85620 Serenity Hair & Body Rinse

Formulated to result in healthier hair and skin. A salon quality shampoo which leaves hair soft and manageable. Can also be used as a fragrant body wash.

pH: N Color: Clear Fragrance: Honey Almond

**NEED # Serenity Salon Grade Conditioner**

## LIQUID HAND SOAP

### 85616 Coco-More

A mild, neutral hand soap formulated with pure natural coconut and vegetable oils plus emollients. Perfect for dispensers. Slightly viscous yellow/green liquid, with a natural fragrance.

pH: N Color: Yellow/Green Fragrance: Natural

### 85619 Econo Hand Soap

Smooth and mild lotion hand soap featuring excellent cleaning qualities. Excellent value without sacrificing performance.

pH: N Color: Pink Fragrance: Rose

### 85601 Honey Almond

A full bodied hand soap, that creates a rich, moisturizing lather that gently removes grease and grime. Rinses freely without removing natural oils from sensitive skin. A thick, pearl white liquid with a pleasant honey almond fragrance.

pH: N Color: Pearl White Fragrance: Honey Almond

### 85602 Mechanic's Orange Magic

All natural D-Limonene hand cleaner with grit and lanolin. Gently removes the toughest soils from hands and fingernails. Contains no phosphates and is biodegradable.

pH: N Color: Orange Fragrance: Orange

### 85618 Medico

A mild, rich lathering hand soap containing PCMX, an anti-microbial, broad spectrum bacteriostat. Aids in the prevention of dermatitis and chapping. Thick pink liquid, with a fresh floral scent.

USDA: E1  
pH: N Color: Pink Fragrance: Fresh Floral

### 85611 Pink Hand Soap

General use hand soap for office and industry. Features excellent cleaning qualities in a mild detergent base. Thick pink, opaque liquid, with a fresh floral fragrance.

pH: N Color: Pink Fragrance: Fresh Floral

## SPECIALTY PRODUCTS

### 85924 Koil Bryte Acid Cleaner

Dissolves the oxide films that bind minerals and greasy soils to air conditioning fins and coils. Thorough cleaning of HVAC systems will increase efficiency and reduce power consumption.

pH: A Color: Clear Fragrance: None

### 85925 Koil Kleen

An alkaline cleaner formulated to remove the airborne animal and vegetable oils that encapsulate and trap dust on air conditioning coils and fins. A clean HVAC unit operates more efficiently and reduces power consumption.

pH: B Color: Red Fragrance: None

### 85921 Rattlesnake Heavy-Duty Cleaner

A heavy duty cleaner formulated to remove grease and oil from concrete floors and driveways. Yellow, free flowing high pH powder that turns green when activated by water. Industrial strength formula containing natural organic solvents. Pine fragrance.

pH: B Color: Amber Fragrance: Pine

### 85928 Remove-LF

A very effective lime scale and rust remover. May be used as a recirculating cleaner for ware washing equipment. An acid blend that quickly removes lime deposits, soap scum, and calcium scales to restore pump and nozzle efficiency.

pH: A Color: Clear Fragrance: Mint

### 85948 Roof & Deck Cleaner

Developed to clean severely stained concrete, brick, wooden decks, siding, fences, asphalt, shingles, and cedar shake. Removes weathering, mildew, algae stains, grease, oil, dirt, tree stains and pollen.

A water based, non-toxic, and bio-degradable. Contains no bleach, solvents, acids or phosphates.

pH: B Color: Amber Fragrance: Butyl

### 85949 Roof Guard

Helps roofs retain a new appearance. Apply to clean roofs and prevent the re-growth of mold and mildew. Water based and biodegradable.

pH: N Color: Clear Fragrance: None

### 85922 Rust-Kill

A unique blend of sequestering agents that encapsulate and retain the iron and tannin contained in sprinkler water so that they cannot bond to other surfaces. Formulated to be injected into sprinkler system water. Safe on glass, painted surfaces and plants.

pH: A Color: Green Fragrance: None

### 85923 Rust-Prep

Formulated for the removal of lime scale and rust from concrete and metal surfaces. Leaves a protective finish on bare metal. Not recommended for use on soft metals and aluminum.

pH: A Color: Clear Fragrance: None

### 85920 Rust-Worx

A concentrated blend of mineral acids and synthetic detergents formulated to remove rust, iron, and tannin stains from concrete walkways, driveways and buildings. Can also be used to remove stains from commercial laundry. Not for use on glass surfaces. Colorless acidic liquid with a pH of 2.8–3.0.

pH: 2.8-3.0 Color: Colorless Fragrance: None

### 85972 PolyPrime™

Organic acid rust converter and pre-painting primer

pH: A Color: Amber Fragrance: None

## SPECIALTY KITCHEN PRODUCTS

### 85715 Oven and Grill Cleaner

A high pH cleaner formulated to remove baked on grease, animal and vegetable oils, and crystallized carbons from commercial ovens and grills. Can also be used to clean deep-fat fryers.

USDA: A8

pH: B Color: Red Fragrance: None

### 85323 Chute Out

Garbage chute lubricant/dumpster deodorizer and insect repellant.

pH: N Color: Orange Fragrance: Citrus

### 85716 Pig-Out Fryer Cleaner

A heavy duty, concentrated deep fat-fryer boil-out that quickly saponifies grease and oil, and uses them to aid in the efficient removal of burned-on and rancid oils from burners. Effective on both carbon and stainless steel surfaces.

pH: B Color: White Fragrance: None

### 85730 Quarry Tile Cleaner

Phosphoric acid based cleaner that removes grease from quarry tile. Excellent grout cleaner.

pH: A Color: Clear Fragrance: None

### 85727 Quarry Tile Safe

An acid blend including hydrofluoric acid to clean and etch quarry tile and floors, resulting in a skid-free surface.

pH: A Color: Clear Fragrance: None

### 85717 Vigor Degreaser

A degreaser cleaner designed to produce viscous alkaline-rich foam. Formulated for meat cutting rooms and food processing plants. Stable and long lasting. Orange, odorless liquid.

USDA: A1  
pH: B Color: Orange Fragrance: None

## LAUNDRY PRODUCTS

### 85811 Liquid Laundry Detergent

Versatile, institutional style, all fabric laundry detergent. A combination of optical brighteners, water conditioners, emulsifiers, alkalinity builders and synthetic detergents lift soils from fabric and prevents re-depositing. Free rinsing.

pH: B Color: Lt. Blue Fragrance: Floral

### 85823 Laundry Break

A heavy duty laundry additive used to increase alkalinity and cleaning power. A low foaming formula with additional wetting agents that thoroughly penetrate fabric to remove greasy buildup.

pH: B Color: Clear Fragrance: None

### 85824 Laundry De-stainer

10% active bleach and stain remover for commercial laundry use.

pH: B Color: Clear Fragrance: Bleach

### 85818 Laundry Sour

Formulated to neutralize the alkalinity from detergents and builders.

pH: A Color: Clear Fragrance: None

### 85830 Lemon Suds

A concentrated, lemon laundry detergent powder. Anti-redeposit agents suspend high volumes of soil and increases rinse qualities. All purpose detergent that can be used in any application. Off white granular powder with a fresh lemon scent.

pH: B Color: Off-White Fragrance: Lemon

### 85820 Rust Out

May be used as a pre-spotter or added to rinse water to remove rust and uric acid stains. Can be used on all colorfast fabrics.

pH: A Color: Clear Fragrance: None

### 85814 So-Soft

A concentrated liquid fabric softener that reduces static cling in synthetic fabrics. Makes towels, linens and diapers fresh and fluffy. Softens non-starch shirts and sheets for added comfort.

pH: N Color: Blue Fragrance: Downy

### 85821 Sour-Softener

A unique blend of softeners and souring agents. Helps prevent yellowing and graying while lubricating and softening fabric for improved feel and appearance.

pH: A Color: lue Fragrance: Downy

## OxyOne™ Oxygen Cleaners

### 85827 OxyOne® Bleach 20%

Liquid containing 20% hydrogen peroxide. A concentrated bleaching agent to remove the toughest stains. Strong oxidizer.

pH: B Color: Clear Fragrance: None

### 85813 OxyOne® Oxy-Whyte

A safe oxygen bleach with builders for positive performance. Recommended for use on polyester and cotton tablecloths and napkins. Will not break down fabric or promote excessive color loss. White, odorless, free flowing powder.

pH: B Color: White Fragrance: None

### 85900 OxyOne® Carpet Shampoo

Combines the amazing cleaning and deodorizing power of stabilized oxygen with the re-soil capabilities of crystal polymer. Patent-pending polymer encapsulates remaining residue and soils for easy removal. Leaves no soap residue. Carpets will be cleaner than ever before!

pH: B Color: White Fragrance: Fresh

### 85901 OxyOne™ Extreme

An RTU, heavy-duty degreasing product used for fast clean-up of extreme soils. A blend of OxyOne™ stabilized oxygen technology and Safe-Sol 70, a reduced toxicity cleaning agent. Perfect substitute for high pH or butyl-based degreasers

pH: N Color: Clear Fragrance: None

### 85902 OxyOne™ Clean-Up

A safe, environmentally responsible, technical breakthrough in cleaning performance! Combines the power of OxyOne™ stabilized oxygen technology with all-natural safe solvents and environmentally-preferred detergents. Can be used to clean almost any washable surface including mirrors, tile, grout, carpets, solid surfaces, etc.

pH: B Color: Amber Fragrance: None

## NATURAL SOLVENTS

### 85311 Orange-All

A highly concentrated, bio-degradable degreaser based on the patented, original, non-butyl cleaner/degreaser formula. Now enhanced with natural orange oil solvents. Safe and comparable performance to butyl cleaners.

USDA: A4

pH: B Color: Orange Fragrance: Orange

### 85315 Orange Breeze

A powerful, 100% active D-limonene safety solvent. Replaces hazardous, highly regulated, chlorine solvents and petroleum distillates. Deodorizes as it dissolves baked-on grease, road tars, and adhesives. Highly dilutable, clear liquid with an orange fragrance. Bio-degradable.

pH: N/A Color: Clear Fragrance: Orange

### 85317 Orange Spirit

The #1 natural solvent blend! Excels at removing tar, asphalt, oil, grease, chewing gum, and more! Proven exceptional on greasy, oily, sticky problems. Orange Spirit is a non-toxic, non-flammable and safe alternative to petroleum solvents and hazardous chemicals. Orange Spirit remove most greases, lubricants and cutting oils, skin and fingerprints, solder flux, silicone,

adhesives, light resins and rosins, asphaltic compounds, waxes, inks, wax based products, and fresh paints. Orange spirit is compatible with metals, metal laminates, glass, tile and Formica, fiber clay laminants, ceramics, portland concrete, most plastics, brick, block and stone, skin and hair, clothing and fabric, wood surfaces and acrylic.

pH: N/A Color: Clear Fragrance: Orange

## ODOR NEUTRALIZERS

### 85512 Baby-Oh-Baby

Fresh scent room deodorant that can be sprayed in the air or directly on fabrics, bedding, linens, carpets or drapes. Odor counteractants kill the source of odors. Formulated for nursing homes, hotels, meeting rooms, doctors offices, etc. Light blue liquid, with a long-lasting powder fragrance.

pH: N Color: Light Blue Fragrance: Baby Powder

### 85511 Cherry-ific

Industrial deodorant combines essential oils, quaternary ammonium compounds, emulsifiers and dispersants to create synergistic air freshening. Powerful enough to be used in sewer treatment plants, garbage trucks and portable toilets, but safe enough for domestic application. Red liquid with a cherry fragrance.

pH: N Color: Red Fragrance: Cherry

### 85521 Subdue Plus Odor Counteractant

The same fragrance as Subdue, with the added odor neutralizing power of Ordinate. Eliminates all types of odors. Available with a unique, on-aerosol atomizer.

pH: N Color: Blue Fragrance: Lavender

## DEODORIZERS

### 85523 Cinna-Ban Deodorizer

Industrial strength. Cinnamon fragrance.

pH: N Color: Orange Fragrance: Cinnamon

### 85524 French Vanilla Deodorizer

An industrial strength deodorizer.

pH: N Color: White Fragrance:

### 85525 Green Apple Deodorizer

An industrial strength deodorizer.

pH: N Color: Green Fragrance: Green Apple

### 85522 Pear & Apple Deodorizer

An industrial strength deodorizer.

pH: N Color: Clear Fragrance: Pear & Apple

### 85526 Magical Mulberry Deodorizer

An industrial strength deodorizer.

pH: N Color: Purple Fragrance: Mulberry

### 85520 Strawberry Deodorizer

An industrial strength deodorizer.

pH: N Color: Red Fragrance: Strawberry

## SPECIALTY POOL & SPA PRODUCTS

### 85952 3-Way Defoamer

Suppresses and eliminates foam quickly in pools, spas, and fountains.

pH: N Color: Milky Fragrance: None

### 85953 3-Way Filter-Flo

Restores water flow through cartridges, D.E. units and sand filters by

removing oil, grease, build-up and other debris.

pH: A Color: Amber Fragrance: Citrus

### 85954 Fallout Pool Conditioner

A pool start-up product formulated to clear up the most severe water conditions. Promotes easy clean-up using a pool vacuum or self cleaning system.

pH: A Color: Yellow Fragrance: None

### 85955 Magic Foam Cleaner

A heavy duty cleaner that is easy to use and quickly removes grease, oil, and mildew without harsh fumes or odors.

pH: B Color: Yellow Fragrance: Citrus

### 85956 Metal Arrestor

Formulated to dissolve harmful metal ions, salt and minerals to prevent and remove existing stains in pools and spas.

pH: A Color: Clear Fragrance: None

### 85957 MidFloc Clarifier

Binds together suspended particles in the water that cause unsightly gray haze.

pH: N/A Color: Clear Fragrance: None

### 85950 Pool & Spa Algaecide \* E.P.A. Registered

An algaecide and mildew stat to control spore growth and maintain clean surfaces.

pH: N Color: Clear Fragrance: None

### 85959 Tile Soap Pro

A commercial grade product that can be mixed with acid to create a strong, and effective tile cleaner.

pH: N Color: Clear Fragrance: None

### 859568 Iron Out

A tri-sodium-phosphate powder used to remove iron and mineral deposits from pool water. Helps balance pH and clear suspended solids.

pH: N/A Color: White Fragrance: None

### 85937 Vinyl Protector

Silicone based vinyl and hard surface cleaner. Produces a protective, high gloss, buffable film.

pH: 6.1 Color: Milky White Fragrance: Vinyl

## WARE WASHING

### **AUTOMATIC**

#### **85723 Auto-Rinse Aid**

A quality blend of rinse additives that break down the formation of foam and allow glass and flatware to dry spot free. Formulated for automatic dishwashing equipment.

pH: N Color: Clear Fragrance: IPA

#### **85721 Auto-Dish Detergent**

A highly active, automatic liquid dishwashing detergent formulated for use in commercial dishwashing equipment with automatic dispensers. Very effective in high temperature equipment. Clear and odorless.

pH: B Color: Clear Fragrance: None

#### **85720 Bar Glass Wash**

Formulated for use in brush type bar glass and dishwashing equipment. A low foaming, non-streaking, spot-free cleaner that will allow beer to build a head. Recommended for use at soda fountains, bars and clubs.

pH: N Color: Clear Fragrance: Citrus

#### **85722 CMD Heavy-Duty Auto-Dish Detergent**

Automatic machine dishwashing detergent. Excellent for high and low temperatures. When dissolved, chlorine is released to remove coffee and tea stains on cups and dinnerware.

pH: B Color: Clear Fragrance: Chlorine

#### **85928 Remove LF Low Foam Detergent**

A low foam lime scale and rust remover for use where high foam levels may present problems with equipment and/or drying. An acid blend with foam suppressing agents that quickly eliminates lime, soap and calcium deposits from pumps and tips.

pH: A Color: Clear Fragrance: Mint

### **MANUAL**

#### **85714 Cream Suds Detergent**

Keeps on working, sink load after sink load, providing rich suds that are gentle on sensitive skin. A low cost, effective detergent blend. 1/3 oz. per gallon. Economical. Thick, clear-pink liquid with a floral fragrance.

USDA: A1

pH: N Color: Pink Fragrance: Floral

#### **85726 Flatware Presoak**

A presoak liquid detergent for silver and flatware that allows for one-cycle cleaning in automatic dish machines.

pH: B Color: Clear Fragrance: None

#### **85359 Golden Ram Sanitizer**

A 10 percent, multi-chain quaternary ammonia sanitizer and disinfectant designed especially for use in food-processing plants, meat-cutting rooms, dairies, previously cleaned surgical instruments, barber tools and dental equipment.

pH: N Color: Clear/Brown Fragrance: None Dilution: 1:512

#### **85711 Sunshine Lemon Dish Detergent**

A highly concentrated premium pot and pan detergent. Quickly breaks up and removes heavy grease and baked-on deposits. Long-lasting suds and redeposition agents keep this product working through several sink fulls. Use only 1/6 oz. per gal.

pH: N Color: Yellow Fragrance: Lemon

#### **85418 Lime-Out Cleaner**

Low-foaming, multi-purpose acid cleaner that dissolves oxides on aluminum and stainless steel surfaces. Removes milk stone and other calcium deposits from dairy and food-processing equipment and phosphatizes bare steel. Clear, slightly viscous.

USDA: C1

pH: A Color: Clear Fragrance: None

#### **85712 Pot & Pan Lotion**

A highly concentrated, gentle dishwashing detergent effective in hard or soft water. Excellent suds retention. Removes stubborn food deposits. Free-rinsing formula. 1/4 oz. per gallon. Thick yellow lotion.

USDA: A1

pH: N Color: Yellow Fragrance: None

#### **85708 Pot & Pan Powder**

A high foaming synthetic detergent specially designed for pots and pans. A neutral, free flowing powder.

pH: N Color: Blue/White Fragrance: None

#### **85709 Sparkle Liquid Dish Detergent**

A green, high-foaming, liquid dish detergent.

pH: N Color: Green Fragrance: Floral

## AGRICULTURE & ORNAMENTAL

#### **86600 SoyEez™ Soy-based Spreader Sticker**

Patent pending Soy-Activated methylated soy adjuvant that helps enhance herbicidal penetration up to ten times that of a crop-oil concentrate.

pH: N/A Color: Tan Fragrance: Musk

#### **86601 Naturally Derived Anti-Fungal and Adjuvant**

pH: N/A Color: Tan Fragrance: Musk

#### **86602 Superior Spreader Sticker Dispersant**

pH: N Color: Clear Fragrance: None

NUMBER Organocide™

## PET CARE

#### **86700 Natural Anti-Parasite Shampoo**

Citrus Shampoo is not only an effective flea and tick inhibitor, but also a superior grooming product. Its non-alkaline formula contains the key active ingredient d-limonene, a pleasant citrus-scented natural insecticide, plus cleansing agents, lanolin, and special conditioners. As a result, tangles brush out easily, leaving the pet with a clean, soft, shiny, healthier looking coat and a fresh clean smell.

pH: N Color: Yellow Fragrance: Citrus

#### **85329 OdorOut™**

OdorOut™ is your urine odor removal solution! It is guaranteed to remove urine odor—cat, dog, human, or other animal—from wherever it may have gotten. Finally, there is a way to eliminate pet stains permanently. OdorOut™ is a high-performance, bio-enzymatic product developed specifically to remove cat urine, dog urine, other urine stains and odors.

pH: N Color: Lt. Blue Fragrance: Floral

## SUPER VALUE LINE

### 830500 Cherry Air Freshener

A cherry-scented air freshener and light-duty cleaner. Use "as is" or add to the mop bucket or cleaning solution to enhance cleaning performance and freshen the air.

pH: N Color: Red Fragrance: Cherry

### 830600 Floral Air Freshener

A floral-scented air freshener and light-duty cleaner that hints of the islands.

pH: N Color: Red Fragrance: Floral

### 830700 Lavender Air Freshener

A lavender-scented air freshener and light-duty cleaner that gives the clean, soft fragrance of an English meadow.

pH: N Color: Blue Fragrance: Lavender

### 830000 All Purpose Cleaner

General purpose cleaner that is safe on all hard surfaces. A true economy product with performance.

pH: B Color: Yellow Fragrance: Citrus

### 831500 Degreaser

A butyl-surfactant blend with water conditioners and builders that emulsifies tough greases and soils. Excellent for use in kitchens.

pH: B Color: Red Fragrance: Butyl

### 832000 Dish Soap

A highly economical, hand-dish detergent formulated to be gentle on the hands and arms. Easily removes food deposits.

pH: B Color: Green Fragrance: None

### 832500 Glass Cleaner

A ready-to-use glass and hard-surface cleaner that quickly dissolves dirt and film from windows, mirrors, Formica, stainless steel, etc.

pH: N Color: Blue Fragrance: Ammonia

### 833000 Hand Soap

A smooth, mild, lotion hand soap featuring excellent cleaning qualities.

pH: B Color: Pink Fragrance: None

### 833500 Oven & Grill Cleaner

A high-pH cleaner formulated to economically clean baked-on grease, animal and vegetable oils, and carbon from institutional ovens and grills.

pH: B Color: Red Fragrance: Butyl

### 834500 Pine Cleaner

A blend of natural pine oil, emulsifiers and surfactants that deodorizes and cleans. Leaves a fresh, pine fragrance.

pH: N Color: Amber Fragrance: Pine

## HEALTH & SAFETY

### 85631 Alcohol Free Anti-Bacterial Hand Gel

pH: N Color: Clear Fragrance: Floral

### 85630 Anti-Bacterial Hand Gel w/Alcohol

pH: N Color: Clear Fragrance: Fresh

## EQUIPMENT & SUPPLIES

### 99015 CrispAir™ Anion Lamp-15 watt

### 99023 CrispAir™ Anion Lamp-23 watt

The **CrispAir™ Anion Light** purifies the air by generating negative ions. These negative ions collide with airborne particles, which are large rafts for hundreds of toxic chemical and disease organisms. The negative ion gives up its negative charge to the particle. These new negative particles are then attracted to the positive particles surrounding them. This accumulation process continues until the particles become heavy enough to fall to the floor. It is this process that removes the pollutants from the air we breathe.

# TERMS AND CONDITIONS

## Terms of Sale

Payment terms are as follows:

Net 30 from date of invoice.

All products must be shipped in full cases.

F.O.B. Miami greater than 50 miles.

F.O.B. Miami less than 50 miles and less than full pallet are charged a \$50.00 delivery fee.

Free Delivery less than 50 miles and minimum full pallet +.

Payment terms subject to credit approval.

New accounts are 50% deposit; balance due prior to shipping.

Prices are subject to change without notice.

## Drop Shipments

Shipments can be made directly to your customer in your name.

Drop shipments are made on common carrier only, with your name appearing on the bill of lading as shipper. Unless otherwise specified, shipments will be made prepaid with the freight bill sent directly to you.

## Guarantee

All Purity products are quality assured for a period of six (6) months from the date of shipment. Method and application of use differing from the label directions may void this guarantee. Manufacturers' liability shall be limited to the invoice price of the goods purchased. Custom formulations may not be covered, unless approved by Purity Chemical Technologies, Inc. in writing.

## Returns

Merchandise will not be accepted for return without prior written authorization. A 20% restocking charge will apply to all non-defective returned goods. Containers must be in saleable condition. All returned goods are to be identified with date of purchase, invoice number and reason for return. Returns are to be shipped prepaid. Non-defective private label products will not be accepted for return.

## Samples

Samples for products published in the PCT catalog and/or website may be requested by sending a signed and dated purchase order marked as "Sample" using the product name and number. Samples are limited to one quart/32 oz. of product.

Additional quantities are available to purchase at costs and packaging units as specified in the price list.

Samples for custom made formulations are subject to a one-time fee of \$250.00 per item.

## Bids

Special bid pricing may be extended on school and government bids. We must have a copy of the bid. Special pricing will be extended to the first three currently purchasing distributors who request bid assistance. All bid pricing will be confirmed in writing.

## Catalog Code for pH listing:

A = acidic

B = alkaline (basic)

N = neutral

## Custom Products/Private Label

Purity will contract manufacture products with custom formulations.

The following minimums apply:

Liquids- 300 gallons

Powders- 1,000 pounds

A five percent (5%) overrun or 10 percent loss factor may apply.

Full service private label artwork and design assistance is available.

Please contact your PCT representative for details and a price quote.

The following minimums apply:

ONE COLOR PAPER LABEL - Powders Only

50-lb. AND 100-lb. CARTONS - 10 cases min.

<u>SILKSCREEN</u>	<u>ONE COLOR</u>	<u>TWO COLOR</u>
12 x 1-qt. case	15 case min.	25 case min.
4 x 1-gal. case	15 case min.	20 case min.
6 x 1-gal. case	10 case min.	15 case min.
5-gal. pail	10 case min.	15 case min.

Two color silk screen graphics are subject to the following charges:

- Quarts \$0.04 @ = \$0.48 per case of 12 x 1
- Gallons \$0.05 @ = \$0.20 case of 4 x 1
- Pails \$0.20 each

## Pallet Charge

All orders will be palletized and shrink-wrapped. Palletized less than full pallet orders will be invoiced at \$8.00 per pallet.

Standard pallet counts are:

- 12 x 1-qt. case 40 per pallet
- 4 x 1-gal. case 36 per pallet
- 6 x 1-gal. case 28 per pallet
- 5-gal. pail 36 per pallet

## **Purity Tecnologías Químicas**

Purity Tecnologías Químicas, Inc. fue establecida sobre los principios y la convicción de que todo es posible usando **La Química Correcta™**.

### ***Nuestra Química se extiende más allá de las formulaciones superiores de los productos.***

Valoramos las relaciones que se forman entre clientes, proveedores y representantes. Esta filosofía nos proporciona la ventaja necesaria en el ambiente competitivo de hoy en día y permite a Purity Tecnologías Químicas proveer a sus empresas asociadas los mejores mecanismos y asegura el triunfo en un ambiente de trabajo seguro y sin riesgos. Ambas seguridades, ambientales y para el trabajador, son de suma importancia para desarrollar productos y para las operaciones de negocios. Purity Tecnologías Químicas se esfuerza por ser un asociado confiable y se compromete a usar prácticas ejemplares de negocios ofreciendo su experiencia y sus conocimientos técnicos para siempre entregar **La Química Correcta**.

### ***La Línea Completa de Productos de Calidad***

Purity Tecnologías Químicas fabrica una línea completa de productos químicos de alta calidad. Estos productos que ayudan a nuestros clientes a mantener sus instalaciones limpias y desinfectadas son los mismos que contribuyen a brindar mejores ambientes de trabajo. Nuestra tecnología avanzada se está desarrollando para mejorar las aptitudes del producto y brindarle a nuestros clientes **La Química Correcta**.

### ***El Desarrollo Responsable de la Investigación Científica***

La Investigación y Desarrollo Científico son fundamentos primordiales para la operación de nuestra Compañía. Purity Tecnologías Químicas tiene la capacidad de proveer y enseñar la manera Correcta de como funciona la Química CORRECTA. Para lograrla se requiere que se hagan de la misma manera, de forma repetitiva, como se ha venido haciendo desde que se inventaron y diseñaron estos productos.

### ***Una Producción Flexible***

La Industria Purity Tecnologías Químicas continuamente invierte, fabrica e implementa nuevos mecanismos y equipos para satisfacer la necesidad de la demanda. Conjunto a ella tenemos una pequeña producción que cubre la producción necesaria para la demanda.

### ***Ofrecer un Apoyo Continuo***

El extraordinario servicio que ofrecemos a nuestros clientes es importante así como lo es nuestra dedicación en asistir con frecuencia y ofrecer apoyo continuo. Purity Tecnologías Químicas desea siempre sobrepasar las expectativas de nuestros clientes y lo atribuimos a nuestros empleados quienes son la clave más importante para llevar esto a cabo y mantener **La Química Correcta**.

Por favor contáctenos si necesita asistencia adicional o tiene alguna duda o pregunta. Llame directamente a nuestras oficinas o a cualquiera de nuestros representantes encargados.
